In Reference: MC2 Program

Dear 9th Grade Parent/Guardian,

Imagine your child walking at high school graduation with a College Associate Degree already in hand and for a fraction of the cost! In our continued partnership with the Community College of Philadelphia, current 9th grade students will have the opportunity to complete an Associate Degree in Business or Health Care Studies during their time at MaST. The program falls within the umbrella of dual enrollment, allowing MaST students to earn credits that will double as both high school and college credits.

In order to apply for the program, 9th grade applicants must:

- Have a cumulative GPA of 3.0 at MaST for Semester 1 of freshman year.
- Have scored proficient or advanced on the 8th grade PSSA.
- Have a good attendance and punctuality school record for freshman year.
- Not have any negative disciplinary actions or write ups this school year.
- Have parental approval and support.

In order to be accepted into the program, 9th grade applicants must:

- Meet the MaST criteria above.
- Complete the CCP on-line Advance at College application by February 19, 2020 and return all documents required by the deadline. (will require Social Security number)
- Attend the assigned placement test date in March at MaST.
- Test into college-level English 101 and Math 118 or better - these students are eligible to begin the program in August 2020.

Parents must sign a contract and pay a non-refundable student program fee each semester of \$750.00. **An information session is scheduled for Monday, February 10, 2020 at 6:00 PM in the MaST Byberry LGI at 1800 E. Byberry Road.** A representative from CCP will be present to answer questions about the program. All parents of 9th graders are invited to attend.

Thank you for your support,

Mr. Charles Puchon  
MaST II Building Leader
